EXPERIENCE

Incoming Software Engineer Intern

May 2020 – Aug 2020

Google – Google Cloud Platform Apigee Team

(Angular + Go)

Software Engineer Intern

May 2019 – Aug 2019

Lucid Software – Lucidchart Core Experience Team (Angular + Scala)

- Built core experience features into the Lucidchart diagramming editor used by over 20 million users, including new shape auto-population and collaborative sticky noting capabilities.
- Implemented voice commands across the Lucidchart and Lucidpress platform to easily navigate through pages, create new documents, and edit diagrams, increasing product accessibility.

Vice President of Operations

Aug 2017 – Present

Berkeley CodeBase

(Angular + GraphQL)

- Software consulting organization that builds products for high-growth Bay Area tech companies.
- Oversee organizational logistics and manage over \$50,000 in semesterly profits to support the organization's mission of empowering students through meaningful industry initiatives.
- Previously served as project manager for contract with Bill.com, working with the CTO and engineers to rebuild the bill pay portal for customers to easily manage bills, payments, and accounts.

Network Engineer Intern

May 2018 – Aug 2018

Johns Hopkins Applied Physics Laboratory

(Python)

- Developed Python, Bash, and Tcl/Expect scripts to automate configuring and managing 800+ switches and access points.
- Expanded APL's private network throughout campus with mobile routers, firewalls, and access points.

PROJECTS

CommuniTeam

(React + Rails)

<https://meet-my-communiteam.herokuapp.com/>

- Team communication web application that allows for collaboration across multiple channels, with company announcements, group posts, and personal notes.
- Collaborative calendaring implemented with FullCalendar and Google Calendar API.

Count to Ten

(Java)

Google Play Store: Count to Ten – International Numbers

- Android application that teaches users how to count in 25 different languages with timed games.
- Multi-language read-aloud features implemented with Android Text-To-Speech API.
